RISK MANAGEMENT MEETS DIGITALIZATION

Modern risk management requires extensive know-how in a wide range of areas; the maximum potential can only be reached through an optimal combination of commercial, IT, and legal aspects. As Austria's only coverholder of Lloyd's of London, we offer international insurance solutions and our personal digitalization know-how through our in-house IT subsidiary Eneon IT Solutions and thereby contribute directly to our customers increased competitiveness. This is modern consulting to us.
